**COMMAXXESS' SUPPLEMENTAL RESPONSE IN OPPOSITION
TO THE APPLICANTS FOURTH AMENDED APPLICATION FOR CONSENT TO
TRANSFER CONTROL AND PETITION FOR DECLATORY RULING.**

COMMAXXESS provides the following as a supplemental response to the June 30, 2003 filing submitted by the Applicants as the "Fourth Amendment for Consent to Transfer Control and Petition for Declaratory Ruling" to matters filed before this Commission and the Applicants September 18, 2003 filing.

There have been notices sent to the White House regarding both the September 22, 2003 filing by this Respondent to this Commission and regarding a three-page memorandum that was sent to elaborate on what is known and what will be cited under a RICO complaint against Global Crossing and other parties.

Marcus Aurelius: "*Of each and every thing ask but this; in its purest essence, what is it?*"

Bad government is easy to recognize for it is easy to see and easy to smell.

Bad government is one that grants dispensation from the rule of law to the wealthy and insiders and cares not about repeated acts of financial terrorism dealt out with impunity towards the citizens / investors / voters of this nation.

Bad government is one that looks the other way when laws are broken and certain friends, insiders, affiliates or buddies were the perpetrators against the citizens of this nation and no punishment for wrongdoing is forthcoming.

Bad government doles out large contracts to friends and insiders such as Halliburton in Iraq, to MCI in Iraq granting an entitlement to taxpayer dollars even after being banned from federal contracts and taxpayer dollars in this nation due to fraudulent conduct. Bad government exports American fraud as if that is something to emulate overseas. It appears that the former chief of staff of Governor George Bush and campaign manager for Bush – Cheney 2000¹ may have had a hand in getting MCI back into the federal dole offshore, while barred from such here. This Administration does not seem to grasp that Americans are fed up with insider, under the table dealings.

Bad government overlooks national security of matters like Magnequench and the transfer of Smart Bomb and cruise missile technology to the People's Republic of China and the national security issues of Global Crossing and its being seamlessly connected to Asia Global Crossing, now in the hands of the PRC, and CICC as Goldman Sachs and The Government of Singapore. This Administration seems to fail to grasp that having a former Goldman Sachs executive involved in the CFIUS process is deemed to be a conflict of interest by the voters in America watching this matter every day.

If this Commission chooses to look the other way as well, it can rely that the shareholders RICO action will cite various parts of our federal government for aiding and abetting RICO activity as well as STT to whom it intends to grace with transfer of control and endorse the fraud perpetrated against many citizens and voters of this nation.

Respectfully submitted,
